CHAPTER NO: 01

ORGANIZATION OVERVIEW

Fig 1.1 (Organization Overview)

Introduction:

Test Heap Stack Solutions was founded in the year 2023. Recognizing the burgeoning potential of the internet, the company started as a small web development firm, catering to local businesses in its home city. As the demand for web solutions grew, Test Heap Stack expanded its services to include e-commerce development, content management systems, Machine Learning, Data Learning, Artificial Intelligence, Quality Assurance, and custom software applications. The company quickly gained a reputation for delivering robust and scalable solutions.

VISION AND MISSION OF THE ORGANIZATION

Fig 1.2 (Vision)

Vision:

To become a trusted technology partner by delivering innovative, efficient, and intelligent software solutions that empower businesses and individuals.

Mission:

Fig 1.2.1(Mission)

* To develop high-quality software and AI/ML solutions that solve real-world problem

* To continuously adopt emerging technologies and industry best practices.

* To ensure customer satisfaction through reliable products and strong technical support.

ORGANIZATION STRUCTURE

Fig 1.3(Organization Structure)

Director & Key Decision-Maker

The company is led by Savita Prasad Jawale, who serves as the sole director. In an OPC, the director holds primary responsibility for strategic decisions, financial oversight, and overall management.

Core Technical Teams

- Web Development & E-commerce Team: Handles website creation, online store development, and CMS solutions.
- Quality Assurance Team: Ensures reliability, scalability, and performance of software products.
- Custom Software Development Team: Works on tailored solutions for clients across industries.

Support Functions

- Internship & Talent Development Programs: The company actively recruits freshers and interns, integrating them into project teams to build skills and support delivery.
- Client Relations & Business Development: Manages customer engagement, project requirements, and partnerships.
- Administrative & Finance: Oversees compliance, capital management, and operational efficiency.
